

HD-50
EXTRA HEAVY DUTY LAUNDRY

B42

TECHNICAL DATA SHEET

GENERAL INFORMATION

CELLO HD-50 is a super concentrated liquid laundry detergent that gives maximum stain removal and superior cleaning power in all types of laundry applications. Safe on all washable fabrics, from work clothes to fine fabrics. Removes many problem stains that a powdered detergent will not normally remove. With HD-50 you can expect a cleaner and brighter wash at any water temperature in either soft or hard water.

HD-50 is effective in cleaning polyester, cotton, acrylics, blends, and washable knits. Wash whites and shrink proof fabrics in hot water; permanent press in warm water; and shrinkable fabrics and dark colors in cold water.

Authorized by USDA as a laundry compound for use in food plants.

DIRECTIONS

AUTOMATIC WASHERS: 2 oz. (1/4 cup) HD-50 for top loaders. For front loaders use 1 oz (1/8 cup). For large capacity washers use 3-4 oz. (1/3 cup HD-50). Use slightly more for extra large or heavily soiled loads.

To remove heavy soils and stains laden with difficult greasy, oily dirt, pour the recommended amount of HD-50 directly on any problem areas. Rub gently. Wash the entire load without adding more detergent. If desired, chlorine or color safe bleach may be added.

COMMERCIAL LAUNDRIES: For 50 lb. wheel use 3 - 6 oz. HD-50. For 100 lb. wheel, 8 - 10 oz. is usually sufficient. For lightly soiled or smaller loads, use a little less HD-50. Experience will quickly indicate the proper amount for excellent results.

CAUTION: Eye irritant. Keep away from eyes.

FIRST AID: Eyes: Flush with large amounts of clean, cool water while holding eyelids open for 15 minutes. If irritation persists, contact a physician.

KEEP OUT OF REACH OF CHILDREN

KEEP FROM FREEZING

SPECIFICATIONS

APPEARANCE: Clear blue liquid

FRAGRANCE: Floral

pH: 10.0 ± 1.0

SPECIFIC GRAVITY: 1.04

SURFACTANT SYSTEM: NONIONIC AND ANIONIC

SOLUBILITY IN WATER: Completely

PHOSPHATES: NONE

OPTICAL BRIGHTENERS: YES

SHELF LIFE: Minimum 1 year from date of sale.
