

DRESS UP FLOOR REJUVENATOR CONCENTRATE

Z10

TECHNICAL DATA SHEET

GENERAL INFORMATION

DRESS UP is a unique product designed to rejuvenate finishes and prevent "burn out" from ultra high speed burnishing. DRESS UP rejuvenates ultra high speed finishes by feeding the base coat finish with coalescent agents and polymers removed by repeated burnishing.

DIRECTIONS

1. Before applying DRESS UP, sweep the floor clean of any loose grit or debris.
2. To remove soil from surfaces, mop or auto scrub with Cello's BEST YET! or LOW FOAM.
3. Dilute DRESS UP 1 part to 4 parts water.
4. Apply with a clean string mop as you would floor finish.
5. Allow a minimum of 15 minutes drying time before burnishing.
6. Burnish using a ultra high speed machine equipped with the proper burnishing pad.

MAINTENANCE

Maintain by damp mopping and burnishing daily. Use DRESS UP as needed by the appearance of the floor.
