

CelloBrite®

CARPET CARE SYSTEM

EXTRACTO Low Foam Carpet Cleaner

TECHNICAL DATA SHEET

GENERAL INFORMATION

EXTRACTO has been formulated to be an effective, low foaming carpet cleaner which cleans and brightens all types of synthetic and natural fibers.

EXTRACTO Low Foam Carpet Cleaner can be used with all types of extraction machines.

*As recommended by major fiber producers and carpet manufacturers, this cleaner does not contain optical brighteners.

DIRECTIONS

1. Vacuum carpet to remove loose dirt and particles.
2. Using a clean pail, dilute 2 oz. of EXTRACTO to each gallon of water. Pour solution into tank.
3. Turn vacuum and solution pump on. Starting in one corner of the room, release cleaner over a 3-foot length while pulling the wand across the carpet toward you.

Go back across the area with the vacuum only to pull out any excess moisture. Always pull the vacuum past the point where the solution was turned off to avoid overwetting the area. Cover a 3' x 3' area at a time, overlapping completed areas as you go.

Move the wand at a steady rate over the carpet to avoid overwetting the carpet. Do not release the solution on an obvious seam or break in the carpet.

Note: It is recommended that intensely soiled areas be pre-treated with CelloBrite Carpet Restoration Pre-Spray, Grease-X or Powdered Enzyme Pre-Spray.

CAUTION: Eye Irritant. Avoid contact with eyes.

FIRST AID: In the event of eye contact, flush eyes with large amounts of clear water for at least 15 minutes. If irritation persists, seek medical attention.

SPECIFICATIONS:

APPEARANCE: Straw liquid

FRAGRANCE: Light fruity

pH: 10.5 ± 0.5

% FREE ALKALI: None

FLASH POINT: None

% ACTIVES: 12.5

RESIDUE: Very dry

USE DILUTION: For normal extraction, use 2 oz. per gallon

BIODEGRADABLE: Yes

KEEP FROM FREEZING.
