

MOP 'N STRIP® FLOOR FINISH LIQUEFIER

Z48

TECHNICAL DATA SHEET

GENERAL INFORMATION

MOP 'N STRIP is a revolutionary product designed to liquefy the most difficult-to-remove floor finishes. It can be used as a mop on stripper or in any machine stripping procedure. MOP 'N STRIP can cut floor care stripping costs substantially, saving time, manpower, and equipment.

RECOMMENDED DILUTIONS

Dilute with cool water. NOTE: Do not use hot water.

Mop Stripping:

For light build-ups	13 oz./gal.	1:10
For normal build-ups	14 oz./gal.	1:9
For heavy build-ups	42 oz./gal.	1:3

Machine Stripping:

For light build-ups	11 oz./gal.	1:12
For normal build-ups	13 oz./gal.	1:10
For heavy build-ups	16 oz./gal.	1:8

Do not use on linoleum, rubber, or cork. Do not allow contact with aluminum surfaces.

DIRECTIONS FOR MACHINE OR MOP STRIPPING

1. Spread properly diluted MOP 'N STRIP over a manageable area of the floor with a mop. Allow stripper to stand for at least 5 minutes. **IMPORTANT:** Do not allow stripper to dry on floor at any time.
FOR MOP STRIPPING: Agitate stripping solution with mop until old finish is completely liquefied.
FOR MACHINE STRIPPING: Scrub floor with machine equipped with stripping pad or stripping brush until old finish is completely liquefied.
2. Pick up stripping solution with mop, wet pick-up vacuum, or auto scrubber.
3. Before any remaining stripper can dry, rinse floor thoroughly with cool, clean water and clean mop until all residue is removed. Allow floor to completely dry.
4. Floor is now ready for application of any Cello quality floor finish.

DANGER! CONTAINS AMINE AND 2-BUTOXYETHANOL. VAPOR HARMFUL. Use only with adequate ventilation. To avoid overexposure, open windows and doors or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches, or dizziness, increase fresh air, or wear respiratory protection (NIOSH approved) or leave the area. Avoid contact with eyes and skin. Wash hands after using. Keep container closed when not in use. Do not transfer contents to other containers for storage.

FIRST AID: In case of eye contact, flush thoroughly with large amounts of water for 15 minutes and get medical attention. For skin contact, wash thoroughly with soap and water. In case of respiratory difficulty, provide fresh air and call physician. If swallowed, do not induce vomiting. Call Poison Control Center, hospital emergency room, or physician immediately.

DELAYED EFFECTS FROM LONG TERM OVEREXPOSURE. Contains solvents which can cause permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal.

SPECIFICATIONS

APPEARANCE: Clear liquid

FRAGRANCE: Sassafras

pH: 13.7

DILUTION: As recommended above

%ACTIVE INGREDIENTS: 37

VISCOSITY: 10 centipoises

FLASH POINT: None - non-flammable

SOLUBILITY: Completely in water

FREEZE/THAW STABILITY: Stable (minimum 3 cycles)

SHELF LIFE: Minimum 1 year from manufacturer date of sale
